

European Aviation Safety Agency

APPROVAL CERTIFICATE

EASA.21J.453

Pursuant to Regulations (EC) 216/2008 and (EC) 1702/2003 and subject to the conditions specified below, the Agency hereby certifies

Boggi S.r.L.
Via G. La Pira 1/A
26859 Valera Fratta (LO)
Italy

as a DESIGN ORGANISATION

approved according to Part 21, Section A, Subpart J

CONDITIONS :

1. The approval is limited to that specified in the enclosed Terms of Approval, and
2. This approval requires compliance with the procedures specified in the Design Organisation Handbook, reference BGG-DOH, in the latest revision, and
3. This approval is valid whilst the approved Design Organisation remains in compliance with Part 21, Section A, Subpart J.
4. Subject to compliance with the foregoing conditions, this approval shall remain valid until surrendered or revoked.

For the European Aviation Safety Agency,

Subject: EASA.21J.453 - Design Organisation Approval – Update of the Terms of Approval
Reference: EASA Form 82, dated 06/08/2014
EASA Form 82, dated 21/06/2016
Attachment: 1. Terms of Approval, Issue 7 dated 07/03/2017 (original)

Date: 08.03.2017

Dear Mr Boggi,

On behalf of the European Aviation Safety Agency, I am pleased to enclose herewith the updated Terms of Approval, concerning the EASA Approval Certificate certifying **Boggi S.r.L.** as a Design Organisation, following positive evaluation by EASA.

Henceforth the approved design organisation shall be entitled to perform design activities under applicable European regulations and within the scope of the Terms of Approval herein enclosed.

The Terms of Approval are re-issue further to the exclusion of projects affecting OSD from scope of work and the removal of limitation Nr. 3 concerning performance and handling qualities.

Please return the former Terms of Approval, Issue 6 (dated 15/04/2016) to us.

Information about this EASA approval can be found on EASA webpage:

<http://easa.europa.eu/easa-and-you/aviation-domain/aircraft-products?page=design-organisations>

Yours sincerely,

M. Goernemann
P.P. Markus Goernemann

Terms of Approval

Design Organisation Approval Certificate

EASA.21J.453

1 Scope of approval

This Design Organisation Approval has been granted for:

- designing in accordance with the applicable type-certification basis, operational suitability data certification basis and environmental protection requirements:
 - Changes and repairs to aircraft related to installation of avionics and mission equipment and associated systems and structures, cabin interiors, galleys and associated systems and structures, electrical systems and associated systems and structures, in addition to structure.
- demonstrating and verifying the compliance with the applicable type-certification basis, operational suitability data certification basis and environmental protection requirements, and
- demonstrating to the Agency this compliance.

2 Categories of products

Small and large rotorcraft.
Small and large aeroplanes.

3 List of products

[Not applicable]

4 Privileges

- a) The holder of this design organisation approval shall be entitled to perform design activities under Part21 and within its scope of approval.
- b) Subject to 21.A.257(b), the Agency shall accept without further verification compliance documents submitted by the holder of this design organisation approval for the purpose of obtaining:
 1. a supplemental type-certificate;
- c) The holder of this design organisation approval shall be entitled, within its terms of approval and under the relevant procedures of the design assurance system:
 1. to classify changes to type-certificate and repairs as "major" or "minor";
 2. to approve minor changes to type-certificate and minor repairs;
 3. to issue information or instructions containing the following statement: "The technical content of this document is approved under the authority of DOA ref. EASA.21J.453";
 4. to approve minor revisions to the aircraft flight manual and supplements, and issue such revisions containing the following statement: "Revision No [YY] to AFM (or supplement) ref. [ZZ] is approved under the authority of DOA ref. EASA.21J.453.";

5. to approve the design of major repairs to products for which it holds the supplemental type-certificate;

5 Limitations

[See in 1, above]

1. Changes related to primary structure elements are limited to small antenna installations on pressurized fuselages for CS 23 aeroplanes.
2. Changes affecting compliance with 2x.562 are excluded.
3. Changes related to electrical systems are limited to secondary electrical distribution systems.
4. Changes on Large Aeroplanes (CS 25) related to installation of avionics equipment and changes affecting EWIS are excluded.
5. Changes affecting Operational Suitability Data are excluded.
